Sayash Vastu Presents: Vastu Design for Home

Discover how ancient Vastu principles create harmonious, prosperous living spaces tailored for modern homes by Sayash Vastu.

What is Vastu Design for Home?

Vastu Shastra is the ancient Indian science of architecture that balances natural elements and directions to enhance health, wealth, and happiness in your living spaces.

Sayash Vastu expertly blends time-honoured tradition with contemporary living principles to create optimal energy flow throughout your home.

Key Vastu Principles for Your Home

Main Entrance

Ideally faces East or North to welcome positive energy and prosperity into your dwelling.

Kitchen Placement

Positioned in South-East, the fire zone, with stove and sink strategically placed apart for balance.

Master Bedroom

Located in South-West direction for stability, grounding energy, and restful, rejuvenating sleep.

Living Room

Situated in North or East zones to foster social harmony, prosperity, and positive family interactions.

Designing Your Vastu-Compliant Home Layout

01

Plot Selection

Use square or rectangular plots for balanced energy distribution; irregular shapes require expert remedies and corrections.

02

Central Brahmasthan

Keep the heart of your home open and clutter-free to allow universal energy to flow freely throughout the space.

03

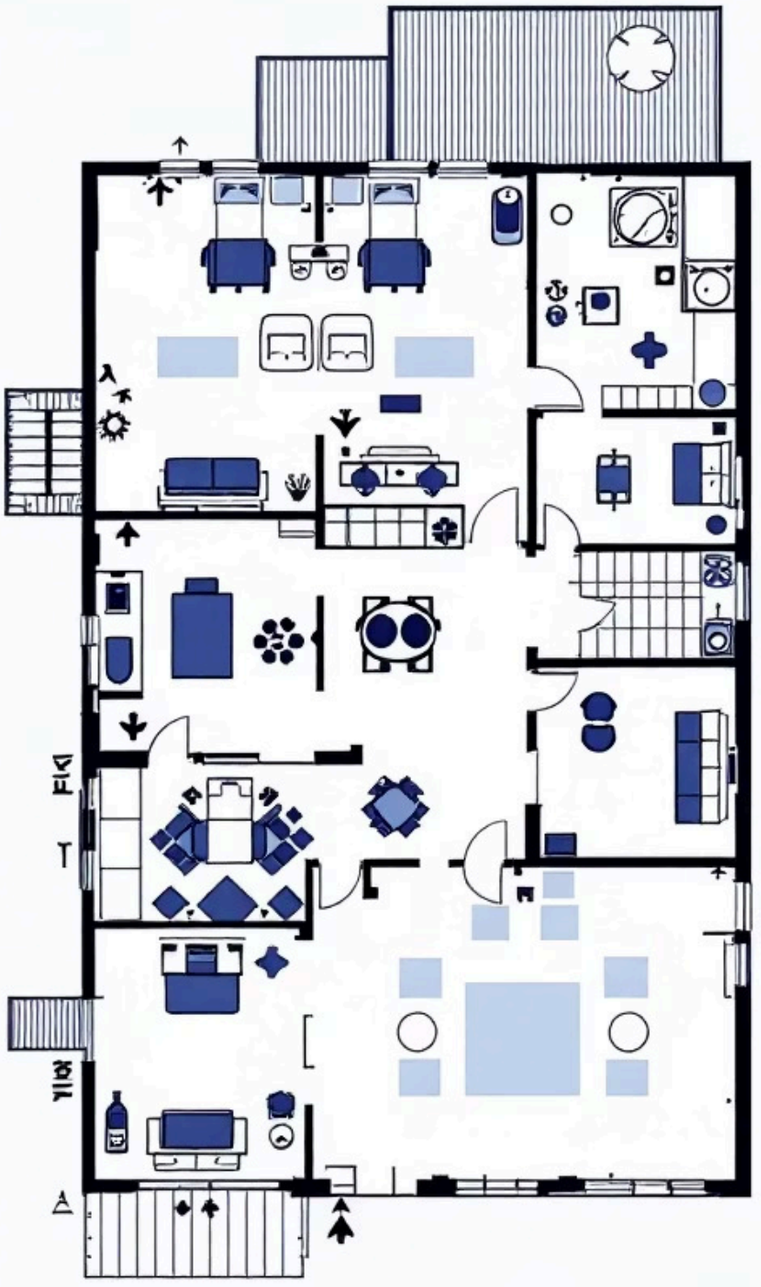
Directional Alignment

Align rooms and furniture precisely with cardinal directions to harness maximum cosmic benefits and positive vibrations.

04

Natural Elements

Incorporate abundant natural light and proper ventilation as per vastu guidelines for health and vitality.



Room-by-Room Vastu Tips

1

Bedroom Harmony

- Position bed head facing South for peaceful rest
- Avoid mirrors directly facing the bed
- Use soft, calming colours like light blue, cream, or pale green

2

Kitchen Balance

- Keep bright, clean, and well-ventilated
- Place stove in South-East, sink in North-East
- Maintain adequate space between fire and water elements

3

Living Room Energy

- Create spacious, bright, welcoming atmosphere
- Position heavy furniture in South-West
- Use warm, inviting colours and adequate lighting

4

Study Room Focus

- Choose light, peaceful colours for concentration
- Add plants for positivity and fresh energy
- Create quiet corner facing East or North
